

# **Round Candy Mold**

As a professional Custom Round Candy Mold manufacture, you can rest assured to buy Custom Silicone Candy Mold from our factory and we will offer you the best after-sale service and timely delivery. It has higher tear strength and superior electrical properties.

# 1. Product Introduction of the Round Silicone Candy Mold

As a professional high quality Round Candy Mold manufacture, you can rest assured to buy Round Candy Mold from our factory and we will offer you the best after-sale service and timely delivery. Food molds are tools that fix the shape of liquid food raw materials and make solid foods with specific shapes and patterns. They are often used to make candy, cake, chocolate, jelly, etc. Traditional food molds are mostly made of wood. Since modern times, people have found that the material of silica gel is more suitable for making video molds, so silica gel is widely used in food molds.

#### Advantage:

- 1. Non-toxic, odorless, high transparency, non-yellowing;
- 2. Soft, elastic, resistant to kink and not deformed; (especially suitable for baby use, worry about accidentally breaking and knocking)
- 3. No cracking, long service life, cold resistance and high temperature resistance;

# 2. Product Parameter (Specification)

Product Name:	Round Silicone Candy Mold
Material:	NBR, HNBR, EPDM, SILICONE, VITON, FLS, FFPM, PTFE
Size:	Any size, Customized/standard and nonstandard
Color:	Any Color

Xiamen Liangju Rubber Technology Co., Ltd.

Tel: +86-592-7255151 E-mail: Dylan@tec-rubber.com

### www.tec-rubber.com

Packing:	plastic bag&carton box or according to your requirements
Sample time:	20-25days
Application:	Electronics
Warranty:	2years

# 3. our service.

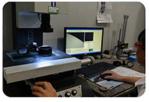

- 1. Inquiry about our products can be replied within 12 hours.
- 2. Professional & experienced staff help you solve problems of silicone and rubber products.
- 3. Accept customized shape, material, hardness, temperature, size, color, logo and packing.
- 4. Mode of production: Compression or injection or extrusion.
- 5.We have a comprehensive range of in-house manufacturing facilities, allowing us to provide fast and effective manufacturing.

# 4. Quality Control and Certifications

We serve our customers with high quality Customized Shape Rubber Gaskets by strictly follow ISO 9001:2015 and IATF 16949.

# 5. Packing, Payment and Shipping

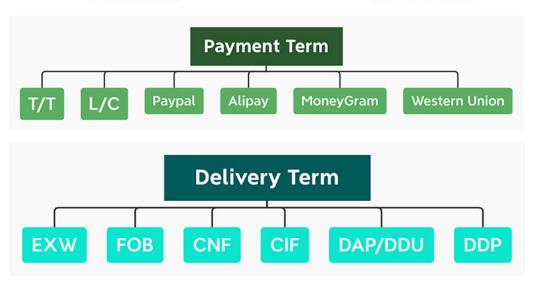

Our packing for all the Customized Shape Rubber Gaskets, strong enough to ensure its safety throughout the whole delivery no mater domestic or oversea shipping. Customized Packing/LOGO/Labeling are Available.

ISO 9001: 2015

IATF 16949: 2016

# 6. FAQ

### 1. Do you supply material?

Yes, we have our own mixing rubber factory and can supply you with Synthetic Rubbers to fit your applications.

Xiamen Liangju Rubber Technology Co., Ltd.

Tel: +86-592-7255151

### 2. If OEM is acceptable?

Yes, Samples are Free of charge

#### 3. What Is EPDM Rubber?

EPDM is a synthetic rubber polymer and is made from ethylene and propylene monomers. This rubber was developed in the early 1960's and used to produce variety of products like radiator and steam hoses, freezer gaskets, tires, roofing membranes and aircraft seals to name only a few.

### 4. Why is rubber used to produce industrial products?

Rubber has certain unique properties which makes it suitable to produce rubber products which are widely used in various industrial applications. Rubber is water repellent. It is resistant to alkalies and weak acids. Rubber has elasticity, toughness, impermeability, adhesiveness, and electrical resistance. These properties make rubber useful as an adhesive, a coating composition, a fiber, a molding compound, as well as an electrical insulator.

### 5. Which type of rubber is best for my application?

There are a range of natural and synthetic rubbers with different properties, making some more suitable than others for particular applications—the key of course is choosing the most appropriate one! For specific requirements, please ask our rubber products specialists for guidance.
